

# Longer Drives Change Lives.™

Bruce Vaughan, 2008 Senior British Open Champion.

## How "4 Yards More" changed my life.

My name is Bruce Vaughan and this is how "4 Yards More" changed my life. I've been a professional golfer since 1982, and was still seeking my first PGA or Champions Tour victory. In late June 2008, my Tour Rep gave me a "4 Yards More" Golf Tee. He told me the tee had been proven to increase driving distance by at least four yards, because it flexes at impact, reducing resistance and ball spin resulting in longer, straighter drives. He was right, the tee is also extremely durable. Over the next few weeks I played 12 rounds during two Champions Tour Tournaments and at home, and really liked the way I was driving the ball with it.

The following week, I traveled to Troon, Scotland for the Senior British Open. I played 6 rounds using the same "4 Yards More" Golf Tee and found myself tied for the lead after the 18th hole on Sunday. We were on the first hole of a sudden death playoff. This was the biggest drive of my life. Thankfully it went long and straight down the middle of the fairway, setting up a pitch to the center of the green where I finished with a 20-foot birdie putt. Despite a nice second shot my competitor ended up missing a 12 foot or 4 yard putt, and it was over.

On Sunday, July 27, 2008, at 51 years old, I won my first ever tour event, the Senior British Open and \$315,600. The money is great, but until you win, you're just another player. It's all about winning. I guess you could say "4 Yards" changed my life, so after 18 rounds, one playoff hole and the biggest victory of my life I retired this magical tee and put it in the Jug. My Tour Rep was kind enough to give me another one.
